THIS IS WHY WE DO WHAT WE DO!

WHATS THE POINT OF PARTNERSHIPS?

- **Staff/Customers well-being**– Do you know 1 in 6 children are young carers, 1 in 8 adults are carers, think about your staff or your customers. Help us to raise awareness so we can help more carers.
- **Business relationships** – It's a working partnership. Tell us what you want out of the relationship.
- **Fundraising to us is a business** - We need the funds coming in to pay for our core quality team, accountancy, monitoring for large funders and our admin team.

WHAT NEXT?

- **Get Your Phones Out**
- **Check Your Chair**
- **Can We Help?**

Thank you for listening.
