PeoplePlus
People Skills Jobs

Who are PeoplePlus?

- PeoplePlus help people move into work by enabling them to gain the skills they need to make them employable, providing them with real work experience or helping them onto a traineeship or apprenticeship. They also have a long track record of helping people to become self-employed and start up their own businesses.
- They work with individuals in need of employment and training support and also the employers they work with. They offer personalised recruitment and training solutions to both national and local employers helping them find the right candidates with the right skills – and they manage the whole process from vacancy profiling to candidate sourcing, vetting and selection.
- PeoplePlus are the largest provider of prison education in the UK as well as the largest provider of apprenticeships following the acquisition of Learn Direct Apprenticeships.

Business benefits

- Support for businesses to recruit and retain staff through innovative engagement methods
- Save on recruitment costs
- Offer pre-employment training linked to business needs
- Arrange up front, relevant training for your organisation
- The programme is fully funded at no cost to your organisation
- Bespoke training for your organisation

Examples of current delivery

How we can support you?

- Meeting with your business to meet their individual recruitment needs
- Design and develop courses to meet the needs of the region
- Sector specific training
- Blended learning model allow delivery to take place away from the classroom setting fitting in with your business needs
- Online learning can be for 1 or 100 candidates – individually set

LANCASHIRE SKILLS PLEDGE

WE LISTENED TO BUSINESSES

- Difficult to find out what support is out there.
- Haven't enough time to find out who to talk to and chase them.
- Would love to 'give back' and work with schools and colleges but don't know where to start.
- You find out about a great project or support on offer and say – why did I not know about this before!

AIMS

One place to support businesses to find out more about a set of current skills and training support and projects.

Experts will get in touch with them, the business only needs to sign up to begin the process.

Get recognition for their engagement with the Skills Pledges which contribute to upskilling, recruiting and inspiring the people of Lancashire.
