INTERNATIONAL ARTWORK

FLUX

Flux is composed of 48 dynamic light lines, 1.5 m long, spaced 40 cm apart, motorised and controlled in real time.

DROP OF LIGHT

This magical installation combines displays of fluorescent liquid and ultra-violet laser lights to breathe life into a drop of light, drawing the viewer in through all the senses.

CRYSTALLIZED

CRYSTALLIZED is an audio-visual sculpture inspired by the bismuth crystal. The installation, with its geometric proportions based on crystalline materials, diffuses a soundscape and video reflections.
