## What the students said about their experience...

"I really enjoyed the course and learnt new skills. The tutors guided me and helped me when I required some assistance."

"I learned new things every day and am grateful for the opportunity. I am hoping to get some work experience with the bricklayers when they come on site... In the future I can see myself as a bricklayer."

"I have learnt so many things on the course, including health and safety and why it is important...I loved creating designs with block paving. In the future I would like to be an architect or a project manager."

## What the students said about their experience...

"I really enjoyed the groundwork because there is so much to learn, and I find it interesting. In the future I want to be a groundworker."

"I found the course really good, picking up new skills on the way. I see myself in future as a bricklayer."

"I enjoyed working with other people on site. I hope to be able to meet new people and work as a groundworker."
