Our Vision

The change we'd like to see

Our vision is that young people become **enabled to lead their best lives**.

Our Mission

How we are making that happen

Our 'Young People Front and Centre' strategy sets out how through the delivery of **effective youth provision** delivered by experienced **youth work professionals** in **youth-created spaces** young people can develop into **confident leaders** and become **key players** in the places where **significant decisions** are made in our organisation, across society and **in their own lives**.

We will achieve this by focusing on four key areas:

Our Programme

YOUTH SERVICES

Deliver an effective, relevant, co-produced and participative youth work programme with young people in the lead.

Our Places

YOUTH SPACES

Operate accessible spaces, which young people recognise as their own, across Blackpool and the Fylde Coast.

Our People

WORKFORCE DEVELOPMENT

Recruit, develop and retain a workforce of Youth Work professionals at all levels who are culturally recognisable to young people.

Our Promise

INCOME GENERATION

Attract and retain recurrent funding via multiple sources. Sustainability is the promise we make to our young people.

BLOOMFIELD

Youth Centre

Covering Blackpool's south-central locality

The Boathouse Youth has been providing youth services with the Bloomfield community since May 2009.

BHY
Centre
No. 1

The BHY
opened in this
community in
2009

300
young people
attend
annually

Open
5
days a week
minimum

63%
of children live
in poverty
