SCRUFF OF THE NECK PILLARS

1. Human's First, Always

We build genuine relationships — with artists, fans, and our team. Human nature is our compass, and respect, empathy, and honesty guide every decision we make.

2. Independent & Unstoppable

We grow on our own terms, powered by belief, graft, and grit. No shortcuts. Just a relentless drive to create, evolve, and lead from the front.

3. Creativity with Precision

We pair bold ideas with flawless execution. From grassroots gigs to global campaigns, we deliver with purpose, passion, and operational excellence.

4. Integrity is Everything

We are transparent, trustworthy, and true to our word — we do business the right way, not just the easy way.
